At Apis India, we strive to find and hire the best talent available -- people who exude our values and choose to contribute to our company's goals. We believe that our existing employees, who already meet these criteria, are in a great position to help us find the best job candidates. We recognize that current employees are likely to refer only those individuals best suited to work at our company, and therefore we wish to reward them for their referral efforts.

We are accepting employee referrals for the following positions (only the below positions qualify for a referral bonus):
